The Company gives no warranty as to the appropriateness of the Financial Instruments and investment services and assumes no fiduciary duty in its relations with the Client. Where applicable to the categorisation of the Client and only in relation to Financial Instruments and services subject to the Regulations, the Company will assess the appropriateness of proposed Financial Instruments, investment services and activities for the Client. The Company will warn the Client if it concludes that a particular investment service or Financial Instrument is not appropriate for the Client, subject to the Client providing sufficient information to allow the Company to conduct the assessment of appropriateness.

5.2. Warning that Service/Financial Instruments may not be appropriate: In the event that the Company deals with the Client on an execution-only basis for the buying or selling of complex products, the Company is required to make an assessment as to whether the product or service being provided or offered is appropriate for the Client. In this case, the elements to be assessed will be the Client's knowledge and experience in the investment sector relating to that particular category of financial instrument offered or required, so as to ensure that the Client is aware of any risks. Where the Client is a Professional Client, the Company is entitled to assume that he/she has the necessary experience and knowledge to enable him/her to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which he/she has been classified as a professional client. If the Client does not consider that he/she does have the necessary knowledge and experience, he/she must make the Company aware of this prior to the provision of such product or service and provide the Company with any available information as to the level of his/her knowledge and experience. The Company accepts no liability in these circumstances.

6. RISK WARNING—ACKNOWLEDGEMENT OF RISKS

6.1. Contracts for Difference (CFDs) on spot Forex, spot precious metals, futures, shares or any other commodities available for trading are highly leveraged Financial Instruments and involve a high level of risk. It is possible that the Client loses all his/her invested Capital. Therefore these products may not be suitable for all types of investors and the Client should ensure that he/she has understood the risk involved and if necessary the Client should seek independent expert advice.

6.2. The Company will assess whether a proposed Service is appropriate for the Client based solely on information supplied by the Client, including financial information, previous experience in investment products, risk tolerance and investment objectives. It is Client's responsibility to inform the Company in writing of any information which might reasonably indicate that this assessment should be changed. Furthermore, it is Client's responsibility to ensure that such information is kept up to date

6.3. General views expressed to the Client (whether orally or in writing) on economic climate, markets, investment strategies or investments, trading suggestions, research or other such information are not to be viewed as advice or Company recommendations and will not give rise to any advisory relationship. Any information which the Client may receive from the Company will be given in good faith merely for Client's information and are incidental to the provision of other services by the Company to the Client but the Company does not warrant that it is accurate or complete, or as to its tax consequences, and the Company does not accept any responsibility for any loss, liability or cost which the Client might suffer or incur in relying on such information.

6.4. When the Client makes a decision to deal or undertake in any Financial Instrument, Service or Transaction, the Client should consider the risks inherent in such Financial Instrument, Service or Transaction, and in any strategies related thereto. The Client assessment of risk should include a consideration without limitation of any of the risks such as credit risk, market risk, liquidity risk, interest rate risk, foreign exchange risk, business, operational and insolvency risk, the risks of "over the counter" (as opposed to on-exchange) trading, in terms of issues such as the clearing house "guarantee", transparency of prices and ability to close out positions, contingent liability risk and regulatory and legal risk. The Client should also ensure that he/she has read and understood Company's Risk Disclosure Policy, any accompanying Financial Instrument documentation, for example terms sheets, offering memoranda or prospectuses, and the Financial Instrument's Contract Specifications for any further relevant risk disclosures.

6.5. The Client unreservedly acknowledge and accepts that, regardless of any information which may be offered by the Company, the value of any investment in Financial Instruments may fluctuate downwards or upwards and it is even probable that the investment may become of no value. The Client also unreservedly acknowledges and accepts that the price and value of Financial Instruments depends on fluctuations in the financial markets which are outside the Company's control.

6.6. The Client declares and warrants that he/she has read understood and accepts the following:

- (a) Information of the previous performance of a Financial Instrument does not guarantee its current and/or future performance. The use of historical data does not constitute a binding or safe forecast as to the corresponding future performance of the Financial Instruments to which the said information refers.
- (b) Some Financial Instruments may not become immediately liquid as a result e.g. of reduced demand and the Client may not be in a position to sell them or easily obtain information on the value of these Financial Instruments or the extent of the associated risks.
- (c) When a Financial Instrument is traded in a currency other than the currency of the Client's country of residence, any changes in the exchange rates may have a negative effect on its value, price and performance.
- (d) A Financial Instrument on foreign markets may entail risks different to the usual risks of the markets in the Client's country of residence. In some cases, these risks may be greater. The prospect of profit or loss from transactions on foreign markets is also affected by exchange rate fluctuations.
- (e) A derivative financial instrument (i.e. option, future, forward, swap, contract for difference) may be a non-delivery spot transaction giving an opportunity to make profit or loss on

changes in currency rates, commodity or indices.

- (f) The value of the derivative financial instrument may be directly affected by the price of the security or any other underlying asset which is the object of the acquisition.
- (g) The Client must not purchase a derivative financial instrument unless he is willing to undertake the risks of losing entirely all the money which he has invested and also any additional commissions and other expenses incurred.

6.7. The Client acknowledges that risk reducing orders or strategies such as “Stop Loss” or “Stop limits” that are intended to limit losses to certain amounts may not always be executed because of unusual market conditions or technical limitations. Strategies using a combination of positions may be just as risky as or even riskier than simple “Long” or “Short” positions.

6.8. The Client unreservedly acknowledges and accepts that he/she runs a great risk of incurring losses and damages as a result of the purchase and/or sale of any Financial Instrument and he/she accepts and declares that he/she is willing to undertake this risk.

6.9. The preceding paragraph does not constitute investment advice based on Client’s personal circumstances, nor is it a recommendation to enter into any of the Services or invest in any Financial Instrument. Where the Client is unclear as to the meaning of any of the above disclosures or warnings, he/she is strongly recommended to seek independent legal or financial advice.

6.10. The Client acknowledges and accepts that there may be other risks than those mentioned in this paragraph 6. The Client should also acknowledge and accept that he/she has read and understood Company’s Risk Disclosure Policy which was provided to him/her during the account opening process and which is available on the Company’s website.

Any type of order, as described in Company's Order Execution Policy which is unavailable through the Electronic Trading Platform will be automatically rejected by the Company.

The status of the Orders is always shown on the Electronic Trading Platform. In the event that access to the Electronic Trading Platform is not possible, the Client may contact the Company by telephone and request the status of any of his/her pending Orders.

The Company will not be liable for any losses resulting from any delay or inaccuracy in executing Client's instructions, nor in deferring acting or refusal to act.

8.13. The Company shall not be liable for any loss, expense, cost or liability (including consequential loss)

suffered or incurred by the Client as a result of instructions being given, or any other communications being made via the internet or other electronic media. The Client will be solely responsible for all orders, and for the accuracy of all information, sent via such electronic media using the Client's name or personal identification number. The Company shall not be held responsible for delays or inaccuracies in the transmission of any instruction or other information or the execution of orders due to any cause whatsoever beyond the reasonable control of the Company;

Provided that, the Company shall always ensure that it acts in the best interests of the Client and no limitation of liability herein contained shall be enforceable if and to the extent that they conflict with any regulatory obligations.

8.14. The Client's orders are executed at the "BID"/"ASK" prices offered by the Company and which the Client can see in the Electronic Trading Platform. The Client places his/her order at the prices he/she sees on his/her Client terminal and the execution process is initiated. Normally the transaction is executed at the prices the Client can see on his/her Client terminal.

Due to the high volatility of the markets as well as the internet connectivity between the Client terminal and the server, the prices requested by the Client and the current market price may change, during the confirmation process. Without prejudice to Clause 8.16 below, in this event, the Company has the right to decline the Client's requested price and offer a new price. The Client can either accept the new price and execute the transaction or refuse the new price, thus cancelling the execution of the transaction.

8.15. Without prejudice to Clause 8.16 below, under certain trading conditions it may be impossible to execute Orders on a Financial Instrument at the declared price. In this case the Company reserves the right to execute the Order or change the opening or closing price of the transaction at a first available price. This may occur, for example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted. Or this may occur in the trading session start moments (opening gaps). So as a result, placing a "Stop Loss" Order will not necessarily limit the Client's losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price.

8.16. The Client's attention is drawn to the Order Execution Policy, which is circulated to the Client together with this Agreement, in order to obtain further details regarding the mechanisms that the Company employs to manage price slippages.

8.17. In case of force-majeure, hacker attacks or other illegal actions against the Electronic Trading Platform or the equipment of the Company, and also in case of a suspension of trade in the financial markets concerning Financial Instruments, the Company may suspend, freeze or close the Client's positions and request the revision of the executed Transactions;

Provided that, the Company shall always ensure that it acts in the best interests of the Client and no limitation of liability herein contained shall be enforceable if and to the extent that they conflict with any regulatory obligations.

8.18. By entering into this agreement, the Client duly acknowledges and agrees that:

The Company's trading hours may be different from the hours that a specific Financial Instrument is tradable in any other market. The Company reserves the right to take any action, at its sole discretion, that includes but it's not limited to execution, modification, opening and closing of any of the Clients positions as a result of the price movements outside Company's Trading Hours.

8.19. By entering into this agreement, the Client acknowledges that he/she understands and agrees that the Company is the sole counterparty and therefore when the Company executes a transaction for (or with) the Client it may be engaging in a similar trading for (or with) other clients, Company's affiliated companies, or for own account, subject to the provisions of Applicable Regulations.

8.20. To the extent permitted by Applicable Regulations, the Client agrees that the Company will not owe the Client any duties of best execution in respect of any regulated investments services falling outside the scope of MiFID.

8.21. There are a number of situations where the Company will not owe the Client any duties of best execution (as more fully set out in the information regarding our Order Execution Policy). These include without limitation the following scenario. When the Client gives specific instructions to the Company and the Company executes Client's order in accordance with those instructions, the Company will have discharged its duties to the extent of those instructions.

8.22. When executing orders on Client's behalf the Company will do this in accordance with its Order Execution Policy as amended from time to time to which the Client consent. Company's Order Execution Policy is presented together with this Agreement. The latest version of Company's Order Execution Policy will also be available on the Company Website or from Client's usual contact with the Company.

8.23. Considering the volume of the Client's order and the current market conditions, the Company reserves the right to proceed with partial execution of the Order.

8.24. The Company has the right, at its absolute discretion, to increase or decrease the spreads of any Financial Instrument depending on the current market conditions and the characteristics of Client's order, provided that, when exercising its discretion to set new spreads, the Company shall always act without jeopardizing and never at the expense of, its obligations to comply with best execution requirements.

8.25. The level of Swap rates may vary in size and change depending on the market conditions and at Company's discretion.

8.26. The Company reserves the right to disable and/or enable swap free trading for Client 's Trading Account at any given time if it has enough reasons to believe that the Client is abusing the Company's systems and trading conditions or where the Client's trading strategy imposes a threat to the Company's smooth operation of its trading facilities.

8.27. The one (1) standard Lot size is the measurement unit specified for each Financial Instrument traded in the Electronic Trading Platform. The Company only accepts orders that are placed in the Lot Sizes described in the Contract Specifications section on the Company's website. The Company may change the contract specifications at any time depending upon the market situation. The Client further acknowledges that it is his sole responsibility to review the Contract Specifications located on the Company's website before placing any order with the Company.

8.28. The Client has the right to request to change his/her account Leverage at any time during his relationship with the Company. The Client acknowledges that the Company has the right, at its absolute discretion, to modify at any time the Client's Trading Account Leverage without Clients consent, either permanently or for a limited period of time by informing the Client by written notice sent either by regular mail or email, or through the Electronic Trading Platform.

8.29. By entering into this agreement, the Client acknowledges that he/she has read, understood and accepts the "Leverage Levels" as these are described in the Company's website, and that the Client's Trading Account Leverage may be changed by the Company based on Client's deposit amount or exposure on a single Financial Instrument.

8.30. Trading operations using additional functions/plugin made available through the Electronic Trading Platform such as "Trailing Stop" or "Expert Adviser" are executed completely and exclusively under the Client's responsibility and at his/her own risk, as they depend directly upon the Client, and the Company bears no responsibility whatsoever. The Company reserves the right to accept or reject at its own discretion the use of additional functions/plugin of the Electronic Trading Platform and in case these additional functions/plugin affect the reliability and/or smooth operation and/or orderly of the Company's Trading Platform to immediately terminate by way of written notice the relationship with the Client.

8.31. The Company has the right, at its own discretion, to start closing Clients positions at margin level less than 50% and at margin level of equal or less than 20% the Company will automatically close Client's positions at market price.

8.32. If any underlying asset/security of the Financial Instrument offered by the Company becomes subject to any adjustments as a result of any of the events described below (referred to as "**Corporate Events**"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding trans-

action, including the level or size of the corresponding order. This adjustment is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under the transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying asset/security, to be effective from the date determined by the Company.

"Corporate Events": means any of the following events by the declaration of the issuer of the asset/security:

- (a) A subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event;
- (b) A distribution to existing holders of the underlying shares of additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payment to holders of the underlying shares, securities or warrants granting the right to receive or purchase shares for less than the current market price per share;
- (c) Any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares; or
- (d) Any event analogous to any of the above events or otherwise having diluting or concentrating effect on the market value of any security not based on shares;
- (e) Any event that is caused by a merger offer made regarding the company of the underlying asset/security;

The Company bears no responsibility for notifying the Client regarding announcements of Corporate Events.

8.33. If any underlying asset/security of the Financial Instrument offered by the Company becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even to withdraw the specific Financial Instrument from the Company's Electronic Trading Platform.

8.34. Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any Order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment by written notice sent either by regular mail or email, or through the Electronic Trading Platform as soon as is reasonably practicable.

8.35. In the case where the Client has any Open Positions on the ex-dividend day for any of the underlying assets/securities of the Financial Instrument, the Company has the right to close such positions at the last price of the previous trading day and open the equiva-

lent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client of the said adjustment, by written notice sent either by regular mail or email, or through the Electronic Trading Platform as soon as is reasonably practicable, and no Client consent will be required.

8.36. Where the Company determines that the Client either once-off or systematically takes advantage of delayed or wrong price feeds by trading on them, the Company reserves the right (a) to adjust the price(s) and/or the spread provided to the Client, (b) to delay the price confirmation and/or re-quote the price offered., (c) to restrict Client's access to the Electronic Trading Platform and/or provide only manual quotes, (d) to retrieve any historic profits from the Client's Trading Account, provided that it can document that such trading profits have been obtained as a result of a price(s) abuse at any time during the relationship with the Client., (e) to immediately terminate by way of written notice the relationship with the Client.

9. TRADE ADJUSTMENTS

9.1. Clients must be aware that CFD and other Transactions relating to foreign exchange carry a high degree of risk. The amount of Initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the customer.

9.2. Without prejudice to Clause 8.24 above, the Company exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the Margin requirements, without notice, under certain market conditions, including but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets, at times of extreme market volatility and/or when the Company deems that such exposure is risky and that it is not possible for the Company to mitigate its risks.

9.3. In such circumstances, the Client agrees to indemnify the Company for any and all losses that may occur due to the widening of spreads and the adjustment of Leverage.

10. REFUSAL TO EXECUTE ORDERS

10.1. The Company reserves the right, at any time during its relationship with the Client and at its own discretion, to refuse the provision of any investment or ancillary service, including but not limited to the execution of instructions for the purpose of trading in Financial Instruments, without giving any notice and/or explanation to the Client. Among the cases that the Company is entitled to do so are the following (the list is not exhaustive):

- (a) If the Client does not have the required funds deposited in the Company's Client Bank Account;

- (b) Whenever the Company is of the opinion that the Order violates the smooth operation or the reliability of the Company's Trading Platform;
- (c) Whenever the Company is of the opinion that the Order aims at manipulating the market of the specific Financial Instrument;
- (d) Whenever the Company is of the opinion that the Order is a result of the use of inside confidential information (insider trading);
- (e) Whenever the Company is of the opinion that the Order aims to legalize the proceeds from illegal acts or activities (money laundering).

10.2. The Company reserves the right to refuse the execution of a pending order and/or modify the opening/closing price of an Order in case a technical or any other type of error occurs.

10.3. The Client accepts that any refusal by the Company to execute any of his/her Order shall be without prejudice and shall not affect any obligation which the Client may have towards the Company or any right which the Company may have against the Client or his assets.

11. SETTLEMENT OF TRANSACTIONS

11.1. The Company shall proceed to a settlement of all Transactions upon execution of such Transactions. Unless otherwise agreed, the settlement of Transactions shall be in accordance with the normal practice for the Financial Instruments or market concerned.

11.2. A statement of Account will be provided by the Company to the Client on a monthly basis, within five (5) Business Days from the end of the previous month. In case no transactions were concluded in the past month, then no statement of Account will be provided. A statement of Account or certification or confirmation issued by the Company in relation to any Transaction or other matter shall be final and binding on the Client, unless the Client file in writing his objection within two (2) Business Days from the receipt of the said statement of Account or certification or confirmation.

11.3. The Company is considering its obligations under paragraph 11.2 as fulfilled since the account statement as well as confirmation of any Transaction will be available online and via the Company's Trading Platform. Any objection which the Client may have regarding his/her executed transaction shall be valid only if it is received by the Company in writing within two (2) Business Days from the said Transaction.

12. ORDER EXECUTION POLICY

12.1. The Company takes all reasonable steps to obtain the best possible results for its Clients when executing Client orders in relation to Financial instruments. The Company's "Order Execution Policy" sets out a general overview of how orders are executed as well as several other factors that can affect the execution of a Financial Instrument.

12.2. The Company's "Order Execution Policy" forms part of the Client's agreement with the Company and therefore by entering into this agreement with the

Company the Client also agrees to the terms of the “Order Execution Policy”.

12.3. The Client acknowledges and accepts that he has read and understood the “Order Execution Policy” document, which was provided to him/her during the account opening process and which is uploaded on the Company’s website.

12.4. By entering into this agreement, the Client shall have deemed to have given his/her express consent to the Company to execute or receive and transmit for execution Client’s orders outside of a regulated market or multilateral trading facility (“MTF”).

13. CLIENT’S TRADING ACCOUNT

13.1. The Client shall open an account with the Company in order to conclude any Transaction involving Financial Instruments offered by the Company, as specified in this Agreement.

13.2. The Client does not intend to use this Account for payment to third parties.

13.3. In order to open an account, the Client will need to fill out Company’s application form and provide all required documents as described on the relevant forms.

- (a) Application Form – Natural Persons or
- (b) Application Forms – Legal Entities

13.4. If the Client has opened more than one Account, the Company shall be authorized to consider and treat these different Accounts as a single unit. Among other rights that the Company has in the way of handling these accounts is the transferring of funds between accounts to cover possible negative balances, of any of these accounts, without this affecting in any way the other right of the Company.

13.5. Any funds received in a currency for which the Client does not hold an account shall be converted by the Company into the Client’s Base Currency. The conversion shall be made at the exchange rate applied on the day and at the time when the relevant funds are at the disposal of the Company. On request, the Client may open a sub-account.

13.6. This Agreement shall become effective upon the first funding of the Client’s Trading Account, provided the Company has sent the Client a written confirmation for his acceptance.

13.7. It is the Client’s sole responsibility to inform the Company as to whether information concerning the Client’s Trading Account Transactions should be reported to the Client’s employer, including its compliance officer, and as to whether contract notes and statements of the Client’s Trading Account should be sent to that compliance officer or to any other person authorized by Client’s employer to receive such information.

14. SAFEGUARDING OF CLIENT’S FUNDS

14.1. Without limitation to the provisions of paragraph 16.6 hereof, when holding Client Money on the Client’s behalf, the Company shall take every possible measure to safeguard the funds against the use of client funds for its own account.

14.2. Client’s funds will be held by a bank and/or any other institution which the Company may select, as permitted under Applicable Regulation, in a bank account opened in the name of the Client and/or in the name of the Company acting on behalf of the Client, in a separate bank account specially designated as “Client Bank Account”.

14.3. The Company will maintain separate records in the accounting system of its own funds/assets and funds/assets kept on behalf of Clients so as at any time and without delay to distinguish funds held for one Client from funds held for any other Client, and from its own funds/assets.

14.4. One of the risks of holding Client Money and Margin in segregated accounts is that market movements may cause a Client’s Trading Account to go into negative equity and the Company may be unable to redeem these funds, thus creating a deficit in the other Client’s Trading Account and Margin. To reduce this risk, the Company operates an Automated Margin Stop Out System designed to prevent any Client from falling into a negative balance. Additionally, the Company brings these negative balances onto its own balance sheet as a cost of business.

15. TRANSFER OF FUNDS

15.1. The Company shall inform the Client of the name, address and account number of the Company’s Client Bank Account for transferring funds. It is Client’s responsibility to read and understand the additional information provided on each payment method provided by the Company.

15.2. The Client shall clearly specify his/her name and all required information, in accordance with applicable international regulations related to the fight against money laundering and terrorism financing, on the payment document. It is the Company’s policy not to accept payments from third parties to be credited to the Company’s Client Bank Account.

15.3. Any funds to be sent to the Company to its Client Bank Account should only be sent by the Client himself and not by any third party.

15.4. Any funds transferred by the Client to the Company’s Client Bank Account will be deposited in the account at the “value date” of the received payment and net of any deduction/charges by the transferring bank. The Company must be satisfied that the sender is the Client before making any amount available to the Client’s Trading Account, and the Company may, at its discretion, refund/send back the net amount received to the remitter by the same method as received or as otherwise determined by the Company.

15.5. The Client is solely and fully responsible for payment details that are given to the Company and the Company accepts no responsibility for the Client’s funds, if any payment details are proved to be wrong or lacking. The Company shall not be liable for any funds not deposited directly into the Company’s bank accounts.

15.6. The Company has the right to refuse a Client’s transferred funds in any of the following cases (the list

is not exhaustive):

- (a) If the funds are transferred by a third party;
- (b) If the Company has reasonable grounds for suspecting that the person who transferred the funds was not a duly authorized person;
- (c) If the transfer violates Maltese legislation.

In any of the above cases the Company will send back the received funds to the remitter by the same method as they were received and the Client will suffer the relevant Client Bank Account provider charges.

15.7. By signing this Agreement, the Client gives his/her consent and authorizes the Company to make deposits and withdrawals from the Client's Trading Account on the Client's behalf, including but not limited to, for settlement of transactions performed by or on behalf of the Client, for payment of all amounts due by or on behalf of the Client to the Company or any other person.

15.8. The Client has the right to withdraw the funds which are not used for margin covering, free from any obligations (i.e. Free Margin) from the Client's Trading Account without closing the said account.

15.9. Unless the Parties otherwise agree in writing, any amount payable by the Company to the Client, shall be transferred directly to the Client's personal bank account. Fund transfer requests are processed by the Company within the time period specified on the Company's website and the time needed for crediting into the Client's personal bank account will depend on the Company's Client Bank Account provider. The Balance shall be reduced by the transferring amount on the day the transfer request is received. The Company may either decline a withdrawal request if the request is not in accordance with the provisions of this section of the Agreement, or delay the processing of the transfer request if the Company is not satisfied on the documentation made available by and for the Client and until such time as the Company shall be so satisfied.

15.10. Client's withdrawals should be made using the same method used by the Client to fund his Trading Account and to the same remitter. The Company reserves the right to refuse a withdrawal request from the Client with a specific payment method and suggest another payment method where the Client needs to proceed with a new withdrawal request, or request further documentation while processing the withdrawal request. If the Company is not satisfied with any documentation provided by or on behalf of the Client, the Company may, at its discretion, reverse the withdrawal transaction and deposit the amount back into the Client's Trading Account net of any charges/fees charged by the Client Bank Account providers. Where applicable, the Company reserves the right to send Client's funds only in the currency as these funds were deposited.

15.11. During the continuance of transactions with the Company, and until complete settlement of all amounts due at any time by the Client to the Company, the Client hereby acknowledges and accepts that the Company shall, without prejudice to any of the Company's rights under the law or this Agreement, have a general preferential lien and right of retention upon all and/

or any of the Client's monies, negotiable instruments and other assets of whatever nature at any time coming into its possessions, custody or power, in respect of and as security for any monies and liabilities which now are, or at any time hereafter may be due or owing by the Client to the Company in any manner whatever whether alone or jointly with any other person(s) and under whatever name, style or firm and whether such liabilities are actual or contingent, direct or collateral. The Company may, at its discretion, from time to time and without the Client's authorization or prior notice, set-off any amounts held on behalf and/or to the credit of the Client against any of the Client's obligations towards the Company and/or merge, consolidate or combine any accounts of the Client with the Company. Unless otherwise agreed in writing by the Company and the Client, this Agreement shall not give rise to rights or credit facilities.

15.12. In the event that any amount received in the Client Bank Account is reversed by the Client Bank Account provider at any time and for any reason, the Company will immediately reverse the affected deposit from the Client's Trading Account and reserves the right to reverse any other type of Transaction effected after the date of the affected deposit. These actions may result in a negative Balance in all or any of the Client's Trading Account and the Client hereby shall accept such a negative Balance. The Company reserves the right to merge, set-off, consolidate or combine any accounts of the Client with the Company as per paragraph 15.11.

15.13. The Client warrants and acknowledges that he/she has read understood and accepted the additional information, including costs and fees, regarding deposits and withdrawals provided for each payment method which are available on the Company's website. The Company reserves the right to amend at its discretion all such costs and fees. Information on such amendments will be made available on the Company's Website which the Client must regularly review during the term of this Agreement.

15.14. The Client acknowledges that in case the Company's Client Bank Account is frozen for any given period and for any given reason the Company assumes no responsibility and Client's funds will also be frozen.

15.15. By entering into this agreement, the Client waives any and all rights to receive any interest earned in moneys held in the Client Bank Account and consents that the Company shall benefit from any such interest earned to cover the registration, general expenses, charges, fees and interest related to the administration and maintenance of the Client Bank Account. These expenses will not be passed to the Client.

15.16. By entering into this agreement, the Client gives his/her consent and authorizes the Company, where applicable, to transfer/hold Client's funds to another EU Member State authorized broker in which the Client's funds will be located in a segregated Client Bank Account. The Client also consents that his/her funds, where applicable, can be deposited in an omnibus account.

16. MARGIN, COLLATERAL AND PAYMENTS

16.1. The Investment Services may involve margined

transactions, where you are required to provide and maintain Margin to/with the Company in order to secure performance of your obligations towards the Company under one or more contracts. The amount of your Margin requirement may change throughout the duration of your Position(s) according to the performance of the Position(s) and other factors at the Company's sole discretion. Failure to meet your Margin requirement at any time may result in the closing out of any open Position(s), at the Company's discretion, which may result in losses.

16.2. Margin is at all times to be paid or maintained in cash, in such amount and manner and in such currency as is requested by the Company at its sole discretion. With the prior agreement of the Company, you may, however, provide the Company with a bank guarantee, in a form acceptable to the Company, instead of cash, for the purpose of meeting your Margin requirement from time to time.

16.3. The Client shall without delay pay to the Company or otherwise maintain in his Trading Account an amount of Margin equal to not less than the Margin requirement which shall include:

- (a) such amounts of money as required by the Company as Initial Margin or variation Margin in respect of Position(s);
- (b) such amounts of money, as may be required from time to time, due to the Company, under a Position(s); and
- (c) such amounts of money, as may be required, in or towards clearance of any debit balance on any Client's Trading Account.

16.4. Profits from time to time under Position(s) will be applied as Margin in your Trading Account and any losses, from time to time under Position(s), will be deducted from the Balance in your Trading Account.

16.5. Without limiting your obligation to meet the Margin requirement, the Company will have no obligation to ensure that your Margin requirement has been satisfied by you before effecting a Transaction and your obligations in respect of a Position will not be diminished by any failure by the Company to enforce payment of outstanding Margin prior to entering into the Transaction.

16.6. Any monies paid or held in and linked to your Trading Account that represent any Margin will be treated as Client Money in the manner set out in this Agreement. The Company may (but shall not be obliged to) convert any Margin or other monies held by it for you, into such other currency/ies as the Company considers necessary or desirable to cover your obligations and liabilities towards the Company, in that currency and at such rate/s of exchange, as the Company shall select. Any such instances captured by this clause refer to the obligation/liability of the Client towards the Company to effect payment of outstanding fees/charges owed to the Company and/or ancillary/additional administration fees/charges or disbursements paid out by the Company to third parties, including banks, on behalf of the Client, for which the Company seeks to be reim-

bursed. Any and all such fees/charges shall be disclosed on the Company's website.

16.7. If you fail to provide any Margin to meet your Margin requirement or other sum due under this Agreement, the Company may close out any Open Position without prior notice to you and apply any proceeds thereof to payment of any amounts due to the Company.

16.8. You shall promptly deliver any money deliverable under a Position in accordance with the terms of that Transaction and with any instructions given by the Company and to this end you grant the Company your unequivocal and irrevocable authorisation to handle your money in accordance with the provisions of this paragraph until the termination of the Agreement.

17. COMPANY'S FEES, COSTS AND CHARGES

17.1. The Company is entitled to receive fees from the Client for any services provided under this Agreement as well as compensation for any expenses it may incur for purposes of this Agreement and the execution of the said Services. The Company is entitled to modify, from time to time, the size, amounts and percentage rates of its fees and expenses for which the Client will be informed accordingly.

17.2. The Client shall pay the Company any amount which he/she owes the Company when due in freely transferable, cleared and available same day funds, in the currency and to the accounts which the Company specifies, and without making any set-off, counterclaim, deduction or withholding, unless the Client is required to do so by law.

17.3. The Company may deduct its charges from any funds which it holds on the Client's behalf. For this purpose, the Company will be entitled to combine or make transfers between any of the Client's Trading Accounts. The Company has the right to close any open positions of the Client in order to settle any obligations owned by the Client to the Company.

17.4. The Company will, at its discretion, charge the Client interest, up to the maximum rate permitted by law, on any amounts due from the Client to the Company which are not paid when due, at such rate as is reasonably determined by the Company as representing the cost of funding such overdue amount. Interest will accrue on a daily basis. Furthermore, in case the Client fails to make the required deposit within the given deadline the Company may also proceed with the sale of Financial Instruments from the Client's Trading Accounts without further notice to the Client unless otherwise agreed upon by the Company and the Client. The Company will then notify the Client of the effected sale orally, via email or by sending a relevant notification via the Company's Electronic Trading Platform.

17.5. The Company may deduct or withhold all forms of tax from any payment if obliged to do so under Applicable Regulations. If the Client is required by law to make any deduction or withholding in respect of any payment, the Client agrees to pay such amount to the Company as will result in Company receiving an amount equal to the full amount which would have been re-

ceived had no deduction or withholding been required. The Company may debit amounts due from any of the Client's Trading Accounts.

17.6. The Company is not responsible for paying the Client's tax obligations in relation to possible income tax or similar taxes imposed on him/her by his/her jurisdiction on profits and/or for trading in Financial Instruments.

17.7. The Company shall be entitled to demand that expenses arising from client relationship such as telephone, fax, courier, and postal expenses in cases where the Client requests hardcopy account statements, trade confirmations etc. that could have been delivered electronically by the Company, or any other expenses derived without limitation from reminders or legal assistance.

17.8. The Client acknowledges and accepts that in case of no activity including funding or trading, within one year, the Company reserves the right to charge an annual fixed administrative fee of 25 US dollars (or currency equivalent) assuming that the Trading Account has the available funds. In the case where the funds are not available in the Client's Trading Account the Company will charge a lower amount and close the said account.

17.9. Commissions may be charged either in the form of a percentage of the overall value of the trade or as fixed amount. Therefore, the Client needs to ensure that he/she understands the amount that the percentage amounts to.

17.10. In the case of financing fees, the value of opened positions in some types of Financial Instruments is increased or reduced by a daily financing fee "swap" throughout the life of the contract. Financing fees are based on prevailing market interest rates, which may vary over time.

17.11. By entering into this Agreement, the Client fully acknowledges that he/she has read, understood and accepted the information under the title "Contract Specifications" as these are uploaded on the Company's website, in which all relevant details regarding margin, leverage, spreads, commission, costs and fees are explained.
